Specific Provisions - John Deere

Assignment
Solver agrees that all copyrightable material, notes, records, drawings, designs, inventions, improvements, developments, discoveries, and trade secrets conceived, made, or discovered by Solver, which relate in any manner to the Solution(s) will be the sole property of Challenger. Solver hereby assigns fully to Challenger, and agrees to assign to Challenger at the time of the submission of any Solution(s), all right, title, and interest in and to the Solution(s) and any and all copyrights, patents, mask work rights and/or other intellectual property rights relating thereto. Solver hereby waives, and agrees to waive at the time of the creation of the Solution(s), any and all moral rights therein.

Further Assurances
Solver shall assist Challenger or its designee, at Challenger’s expense, in every proper way to secure Challenger’s rights in the Solution(s) and any copyrights, patents, mask work rights, or other intellectual property rights relating thereto in any and all countries, including the disclosure to Challenger of all pertinent information and data with respect thereto, the execution of all applications, specifications, oaths, assignments, and all other instruments that Challenger deems necessary in order to apply for and obtain such rights and in order to assign and convey to Challenger, its successors, assigns, and nominees the sole and exclusive right, title and interest in and to such Work Product and any copyrights, patents, mask work rights, or other intellectual property rights relating thereto.

Attorney-in-Fact
Where Challenger is unable because of Solver’s unavailability, dissolution, mental or physical incapacity, or for any other reason, to secure Solver’s signature to apply for or to pursue any application for any United States or foreign patents or mask work or copyright registrations covering the Solution(s), then Solver hereby irrevocably designates and appoints Challenger and its duly authorized officers and agents as Solver’s agent and attorney-in-fact to act for and in Solver’s behalf and stead to execute and file any such applications and to do all other lawfully permitted acts to further the prosecution and issuance of patents, copyright, and mask work registrations thereon with the same legal force and effect as if executed by Solver.
